# Envelope folding instructions

Let them know you care (and show how talented you are) by folding your certificate into an envelope.

1.

**Lay down print**

Place printed side face-up with the bottom toward you

2.

**Fold 1/4 of the page up from the bottom**

Bottom edge should meet the center of the page

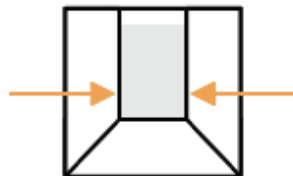

3.

**Fold in each bottom corner**

Outer edges align with the center of the page and are now perpendicular to the bottom

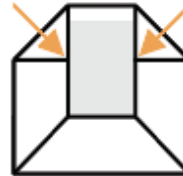

4.

**Fold both sides inward**

Use the vertical edges of the upturned corners as a guide  
The tops of these flaps line up with the top of the page

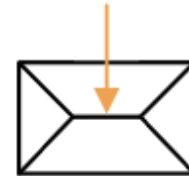

5.

**Fold top two corners down and inward**

Use the vertical edges of the folded-in sides as a guide

6.

**Fold upper flap down**

Upper segment folds along the bottom of top folded corners
